Dave,

(b)(5) Deliberative

Moreover, it would be ideal to give her a peripheral update on the LA River matter to follow, as that will have key Congressional and NGO interest.

If you indeed go to HQ, perhaps you could schedule the in-person Hooks meeting to close on the NDZ (am I dreaming?), and I could join by phone.

Alexis

Thanks for the time earlier this week to discuss these two issues. (b)(5) Deliberative

On the CA No Discharge Zone matter, we received the materials and information we were expecting from the CA State Water Board this week and forwarded them to OWOW Director Hooks and his managers and staff for consideration. I asked them to review asap in preparation for a decision briefing to be scheduled soon (presumably in February). Will let you know what I hear and Alexis and Laura can

discuss who might need to be called to nudge this forward.

Please call if you have any questions.
